PROFILE

Self-taught full-stack web developer with 1.6 years of experience creating responsive websites, e-commerce platforms, and practical business systems. I turn ideas into clear, user-friendly digital experiences with a strong focus on usability, performance, and modern design. I am committed to continuous learning and building reliable web solutions that help businesses work efficiently and grow online.

SELECTED PROJECTS

LiquorDine E-Commerce

Responsive online shopping experience focused on clear product presentation and a simple customer journey. **In progress.**

Moov Cafe and Bistro

Warm, welcoming business website showcasing a cafe and bistro's menu, story, and atmosphere. **In progress.**

Personal Portfolio

Personal portfolio presenting web development services, selected work, and contact information.

SERVICES

Website Development

Responsive, high-performing websites designed around business goals and ease of use.

E-Commerce Development

Online stores with product presentation, customer journeys, and simple management in mind.

Custom Business Systems

Useful digital tools for operations, inventory, and everyday workflows.
